

Property Viewing Policy

For the safety of all involved, Olympic Property Management, LLC (OPM) has instituted the following policy for showing a property to prospective applicants.

1. Positive photo identification, such as a current driver's license or military identification, will be required from everyone entering the property. The OPM representative will make a copy of the ID or they will call the information into the office.
2. The prospective applicant will be escorted at all times by an OPM representative. If more than one person is viewing the property (spouse, friend, child, etc.), everyone must stay together.
3. Bathrooms are unavailable for use either because there is a current tenant or, in the case of a vacant property, the water might have been turned off. Please plan accordingly.
